MORE COKE THAN EVER THIS YEAR, MINING MEN LEARN DOKE EAZLEY has spent most of this

effort to fill some of the country's heads.

The polyerizing of coal to attain the greatest efficiency was advocated before the mining engineers. Some of the advantages of pulverized coal the advantages of sollows: The utilization of every heat unit in the ceal, the reduction of tabor for handling coal, the maintenance of a constant temperature in the furnace.

The mining engineers were also told that coal mining in the state of Washington had proved less profitable in recent years because of the gatensire use of fuel oil. It was predicted that higher prices for fuel oil would increase the mining of coal on this part of the wastern coast.

The inutture planned today to hold a memorial service for the late Dr. James Douglas, mining engineer and the former president of the Incitute. He was at the head of the Phelps-Dodge interests in the southwest many years.

FRANCO-BELGIAN CONSUL

IS FOUR MINUTE SPEAKER IS FOUR MINUTE SPEAKER
C. 62 Smedt, consul of France and
Belgium, at Gaivestor, Trems, passed
through El Paso on his way to Albuquerque, N. M., to deliver an address.
Ele is one of the American government's four minute apeakers. Consul
de Smedt is a Belgian, and his mother
and sisters are in the occupied territory. He has heard nothing from
them, he said, since the outbreak of
the war in 1914. French consul J. M.
Romaguy, here, met consul de Smedt
and was trying to make arrangements
Monday for M. de Smedt to apeak in
El Paso on his return from Albuquerque.

M. M. de Smedt will return here Wed-nesday snorning at 18 oclock, a tele-gram received from him by Mr. Ro-manny. Tuesday, said. County arto-ney W. H. Fryer said he would en-denvor to have Mr. de Smedt deliver a four minute talk at one of the the-atters during his day's visit here.

Questions Answered.

# Your Money and

Whenever you find it necessary to spend a considerable sum for a needed outlay, you give careful consideration to the expenditure. You want to get the most you can for your money. Right here is where my proposition appeals to the thinking person.

I offer dentistry of the highest class, figured on the basis of any other commodity, that is to say: so much cost, with a reasonable (not an unjust) profit added. I have no fancy frills, no expensive membership in dental societies, no professional bunk, no hazy ideals of social distinction to maintain-but treat my work as a business proposition. Take it from me, my business is based on experience and common sense. The work done in my offices stays put. Your money goes farthest. I'm satisfied with the profit on a dozen cases the average dentist must have on one. A large volume of business enables me to treat a large number of patients at a small profit on each. And mark this: quality dentistry, not cheap dentistry. If I were endeavoring to sell cheap dentistry at a cheap price, I would be offering nothing new nor different from the ordinary dental advertiser, but in selling high quality dentistry, without pain, at painless prices, by skillful, experienced specialists, I am able to cut a big slice off the average dental fee, in most instances do better work, and still have a large surplus for you to tuck into your jeans, and give you a sensible, businesslike protective guarantee.

Dentistry is a business. See that you get a business deal. Do not let the "cheapest education" abuse your confidence. It will pay out-of-town patients to consult me.
